Forecast for Monday 13 Jun 2022

Weather: A bright start then cloudier for a time but brighter skies returning in the afternoon. Mostly dry with just a few showers breaking out.

Chance of cloud-free hill tops above 800m: 80%

Low Cloud and visibility: Mostly good visibility with occasional cloud about 700 to 800m although the main canopy of cloud will be above most of the tops. Patches of poor visibility and lower cloud later in morning and early afternoon as showers come along, this is most likely over the Perthshire hills.

Met Office Aberdeen Meteorologist's View
Fresh to strong winds and single figure temperatures over higher ridges/summits will make it feel unseasonably cold.

Forecast for Tuesday 14 Jun 2022
Weather: Rather cloudy and again dry for much of the time but a pulse of rain is expected to come across from west later in morning clearing in the afternoon.

Maximum wind: Fresh to strong southwest winds on the tops, average speeds 20mph with gusts 35mph.

Chance of cloud-free hill tops above 800m: 70%, best in northeast of area.

Low Cloud and visibility: Good visibility for much of the time with extensive cloud cover up about 800 to 900m. Patches of poorer visibility and lower cloud mostly in southwest of area later in morning and early afternoon.

Temperature: **Glens:** 9 Celsius rising to 19 Celsius.
At 800m: Plus 8 Celsius.
Freezing level: Above the summits.
